DETAILED ACTION

Claim Objections

1. Claims 4-6, 8, and 9 are objected to because of the following informalities:

Claim 4, line 3, "surface(s)" should be --surface--;

Claim 4, line 4, "covering(s)" should --at least one covering--;

Claim 5, line 3, "recess(es) (9,10) is/are" should be --at least one recess (9,10) is--;

Claim 6, line 3, "coverings" should be --at least one covering--;

Claim 8, line 3, "coverings" should be --at least one covering--;

Claim 8, line 4, "is/arc" should be --is--;

Claim 8, line 5, "struts" should be --strut--;

Claim 9, line 3, "covering(s) (14,15) is/are" should be --at least one covering (14,15) is--.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 7 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 7 is not clearly understood because it is unclear if the phrase "especially side safety catches" is a required limitation or an example. The examiner has read it as an example.

Allowable Subject Matter

4. Claims 1-3, 10, and 11 are allowed.

5. Claims 4-6, 8, and 9 would be allowable if rewritten or amended to overcome the objections set forth in this Office action.

6. Claim 7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

7. The following is a statement of reasons for the indication of allowable subject matter: The primary reason for indicating allowable subject matter, is the combination of a recess on the transversely running roof strut adjacent to the windshield frame and a deformable cover that covers the recess, which is not found in the prior art of record.
